DECEMBER 2020

MARKET STALL

Thank you to all those who helped to set up and look after the market stall we held in November. Funds raised will go towards the publication of the Players history book. Special thanks to Dennis Mann who organized the event and took care of the "leftovers" afterwards.

2021 PRODUCTIONS

At the time of writing the Minister for the Arts has increased the theatre capacity to 75% which makes us cautiously optimistic that our productions of *"The Bridesmaid Must Die!"* and *"Marjorie Unraveled – Tasmania's Fantabulous Edna"* will be able to proceed. Our Producers will meet with the Directors of these shows early in the New Year to discuss the logistics and budgets, so fingers (and toes and eyes!!) crossed that all the stars align to make the productions viable.

2021 SUBSCRIPTIONS

As a gesture of goodwill to our loyal membership, the committee has decided to carry over subscriptions from 2020 until December 2021. This has been a tough year for everyone and this is a "thank you" to those who have supported the Players for many years.

PLAYERS HISTORY BOOK

Dr. Thomas Gunn is continuing with this work and is now up to the 2000's so he anticipates his work will be completed early in 2021. This will be such a special occasion for the Players and "plans are afoot" to celebrate this achievement.

FINALLY.....

We thank all members and our valued sponsors for your continued support and wish you all a happy Christmas with those you love, and may 2021 be kinder to us all.
